

FISH TALES

Robert Streater, Crystal River Fishery manager for Colorado Parks and Wildlife, shows fourth-graders from Basalt Elementary School a rainbow trout as he explains traits of the fish and its habitat. Teacher Laura Wagner's class was among 130 students who went on a field trip to Lake Christine on Wednesday. The trip was part of ongoing outdoor education provided by Roaring Fork Conservancy. The kids also fished for recently stocked trout with poles provided by Bass Pro Shops.
